

# Wisteria Gardens 2011 CSA

Kevin Cornelsen, PO Box 1498, 14101 NE 144<sup>th</sup> Street, Brush Prairie, WA 98606 Phone 360-904-0221, Fax 888-817-1496

## Community Supported Agriculture

A CSA is a Small Farm Program, where members buy shares of the harvest at the first of the season, then come pick up their share of the produce each week. It's a great way for the farmer to be sure of how much to plant, and for members to enjoy farm-fresh produce all through the season. We are dedicated to working with Mother Nature and providing you with high quality farm fresh produce!

## 2011 Farm Share Agreement

**The 18 week Farm Share subscription begins June 14, ends October 11.**

By signing below, Farm Share Members commit to participate in the full Wisteria Gardens CSA season and agree to abide by the policies herein. The Farmer harvests fresh produce on the day of pickup. Farm Share Members receive an assortment of produce grown and selected by Wisteria Gardens CSA in exchange for their share payment. The Farm Share fee is not refundable, as the farmer uses these funds at the first of the season to purchase seeds and other supplies for the CSA. The farmer plants, tends and harvests. The Farm Share Member picks up their share and washes their own produce before storing and/or preparing food for eating. Farm Share Members agree to pick up their share of produce each week at the Farm as scheduled. If members do not arrive as agreed, their share may be donated to someone in need. If Members wish to discontinue their subscription, they will recruit their own replacement or have someone else pick up their weekly share, or forfeit the share. This contract is transferrable per agreement between Farm Shareholder and Farmer. Farm visits other than the regular pick up times must be scheduled by appointment with Kevin 360-904-0221.

Members share in both the rewards of the harvest and the risks of farming, understanding that there may be weather conditions or other factors beyond the farmer's control, and as a result, certain crops may be overabundant or not as prolific as anticipated. If there is an unfamiliar produce item in your basket, view it as an opportunity to try something new.

Fresh harvest delights ~ beans ~ peas ~ tomatoes ~ lettuce ~ cabbage ~ beets ~ carrots ~ zucchini ~ pumpkin ~ golden squash ~ Swiss chard ~ spinach ~ sweet corn ~ heirloom vegetables ~ broccoli ~ cauliflower ~ onions ~ potatoes ~ and more!! Welcome to Wisteria Gardens CSA Farm!
